321088 NIKE AIR ZOOM FENCER LE

MEN'S SIZES: 4.5-13, 14

Enhanced durability in key wear areas makes this one of the most durable fencing shoes ever made.

UPPER: The upper is constructed of durable materials in key areas to withstand the wearing that occurs as fencers advance, retreat and lunge.

MIDSOLE: With fencing athletes feeling 7 times the force of gravity in a their heel during an attack, Nike Zoom Air combined with a poron rubber outsole the wraps around the heel, is the perfect cushioning solution.

OUTSOLE: For a fencer, balance provides power, so a traction pattern on a flat sole was created for unmatched stability on the metal piste during advancing, retreating and lunging moves.
